PROFESSIONAL SUMMARY

Product-minded UX/UI Designer with 3+ years driving business growth through user-centered design. Specialized in SaaS platform redesigns: increased user engagement 40% and subscription rates 25%. Expert in Figma, design systems, and frontend development (HTML5/CSS3) ensuring pixel-perfect, accessible implementations. Google UX certified. Seeking remote B2B/B2C design roles in EU.

EXPERIENCE

UX/UI Designer, Product Designer

Upwork | Remote | Clients in EU, US, and Asia

2024 – Present

- Led 5+ mobile-first SaaS redesigns: conducted user research (interviews, surveys, A/B testing) achieving 40% engagement lift and 25% subscription growth. Designed user flows, wireframes, mockups, and prototypes in Figma addressing customer needs across web and mobile.
- Built design systems and style guides ensuring consistency; iterated designs based on user feedback and stakeholder input
- Collaborated with Product Owners and Engineers; presented design findings to cross-functional teams
- Designed payment flows and freemium monetization models (Stripe), simplifying complex financial workflows

UX/UI Designer

ASCENDtials | Remote

Jul 2024 – Oct 2024

- Led end-to-end SaaS platform redesign: restructured information architecture, increased user engagement 40%
- Designed interactive prototypes and user flows; iterated designs based on usability testing, contributing to 25% subscription increase
- Conducted user interviews and usability testing to identify pain points and validate design decisions
- Collaborated in Agile/Scrum teams; facilitated design workshops and managed project tasks

KEY PROJECTS

EnglishPlay

Founder & Designer | Mobile & Web Learning Platform 2025–2026

2025-2026

- Designed end-to-end user-centered UX/UI: user flows, responsive mobile-first layouts, component systems
- Developed freemium monetization model (Stripe integration); designed payment flows and subscription management interfaces
- Built full-stack: HTML5, CSS3, JavaScript frontend + Supabase backend (authentication, PostgreSQL, RLS)
