PROFESSIONAL SUMMARY

User-centered Product Designer with 3+ years creating intuitive web applications and digital products. Proven track record increasing user engagement 40% and conversions 25% through data-driven design. Expert in Figma, design systems, and component-based design. Skilled at building consistency across screens, translating briefs into polished UI, and collaborating with developers. HTML5/CSS3 knowledge. Google UX certified.

EXPERIENCE

UX/UI Designer, Product Designer

Upwork | Remote | Clients in EU, US, and Asia 2024 – Present

- Led 5+ product redesigns across web applications and digital platforms: conducted user research, prototyping, and A/B testing achieving 40% engagement lift and 25% conversion growth
- Built and maintained design systems: documented components, style guides, and patterns ensuring consistency across screens, spacing, typography, and visual hierarchy
- Collaborated with developers on technical handoffs; prepared design specs for implementation; iterated designs based on feedback

UX/UI Designer

ASCENDtials | Remote Jul 2024 – Oct 2024

- Led end-to-end product redesign: restructured information architecture, increased user engagement 40%, contributed to 25% subscription growth
- Designed interactive prototypes and user flows; conducted usability testing and user interviews to validate design decisions
- Collaborated with Agile/Scrum teams; facilitated design workshops and managed project execution

KEY PROJECTS

EnglishPlay

Founder & Designer | Mobile & Web Learning Platform 2025–2026 2025-2026

- Designed end-to-end user-centered UX/UI: user flows, responsive mobile-first layouts, component systems
- Developed freemium monetization model (Stripe integration); designed payment flows and subscription management interfaces
- Built full-stack: HTML5, CSS3, JavaScript frontend + Supabase backend (authentication, PostgreSQL, RLS)
